

STROKE

**If You Work In Stroke,
You Can't Miss This.**

October 2-4 at the new Ottawa Convention Centre

Find out the latest advances and innovations in stroke from the top researchers in the field, including:

- **Thomas G. Brott**, MD, Mayo Clinic, Jacksonville, Florida
- **Sandra Black**, MA, MD, Sunnybrook Research Institute
- **Werner Hacke**, MD, PhD, Heidelberg University Hospital
- **Pamela Duncan**, PT, PhD, Duke University
- **Britta Engelhardt**, PhD, Bern University, Switzerland
- **Robert Teasell**, MD, Parkwood Hospital
- **Jeff Kleim**, PhD, University of Florida
- **Dale Corbett**, PhD, HSF Centre for Stroke Recovery
- **Ian Graham**, PhD, Canadian Institutes of Health Research
- **Denis Vivien**, PhD, University of Caen Lower Normandy
- **David Good**, MD, Penn State Medical Center
- **Salim Yusuf** MD, McMaster University

Join the discussion on:

- Prevention: How can we *really* make an impact?
- Promising new technologies
- How early is too early for stroke rehabilitation?
- The Quality of Stroke Care in Canada 2011: What can each of us do?
- International Approaches to Stroke Prevention, Treatment, Recovery, Rehabilitation and Systems Change and more!

Attend workshops focusing on clinical practice and application.

Topics include:

- Clinical Practices in Rehabilitation
- Practical Issues in Stroke Nursing
- Helping Your Patients Adopt Healthier Behaviours
- Key Techniques for the Biomedical Stroke Researcher and more!

Canadian Stroke Congress 2011
